SIGNAL TECH II DIAGNOSTIC TOOL

APPLIED VEHICLES: All Infiniti with Tire Pressure Monitor System (TPMS), Remote Keyless Entry, or Intelligent Key.

NOTE: Some newer models will require future software updates for full functionality.

SERVICE INFORMATION

If service is required on a vehicles Tire Pressure Monitor System (TPMS), remote keyless entry, or intelligent key, the Signal Tech II (special tool J-50190) can be used for diagnostics.

Signal Tech II will quickly:

- Activate and display TPMS sensor IDs
- Display tire pressure reported by the TPMS sensor
- Read TPMS DTCs and register TPMS IDs
- Check intelligent key relative signal strength
- Test remote keyless entry relative signal strength
- Confirm vehicle intelligent key antenna relative signal strength output
